Bathel Cottage
Mon. P. M.

My dear Arthur:-

I don't know who
owns the letter but probably
I do. Here goes anyway.

I am terribly excited for
the kids to the various "fests"
go out tonight, and we are
all very anxious as you
probably know. We certainly
want the Willard girls and
F. Regus, and from what
Helm Regus tells me, they are

up this week, I hope so.

We are going to have the picture of our room taken tomorrow P.M. we sure like it.

This is a mean day and I have lots of studying to do but I don't feel like it, Anna has gone to Spanish class, and fortunately I don't have any this P.M.

The other day I bought a "mem" book 3.05 with mess. sent. 11 Bp on back and also my name, I am having lots

of fine loving people
write in it.

Deja writes that Don is out
to see Kate quite often, he
hasn't written her this year
but Anna and I heard from
"Hop over the ditch", Anna
had a card from Leslie but he
couldn't waste any money
on me. Can't blame him
though. - I hardly hear
from Homer for I guess
we both are busy, I
surely can't find time to
write him, and most likely
he can't.

I had quite a letter from Betty
the other day, I do hope you
may see her soon, Have you
seen Maudred B. yet? I didn't
see Delma when I was at home
for she and Lucia May were
in Montreal.

I must have a new evening
dress when I go home and what
it will be I don't know, how I shall
be pick out new things. Have you
worn yours much.

I went to the Soph. Hop. with
"Briny" Bowers the star foot
ball player, it was his first
dance here in U.S., the Prof.
in the "receiving line" told him
he could dance as well as he
played foot ball. He isn't tall
and he isn't very good looking
but he is an awfully good fellow
and the fellows and girls are
wild about him. I don't blame
them a bit, Dick said he was com-

undecided, I can tell you I have
talked some to Helen, for the
"frills" it is between is Helen
Cassons and mine. I don't
know who will win.

Have you been initiated
yet? and what are your pins?
Do answer these questions.

Think of it I go home
a week from this next Fri.
Dec. 15th I can hardly
wait to see you for I
know you are full of wild
tales, now aren't you?
Havent the time gone quickly?

I hadnt been over to the Hotel
w a meal for a long time but I went
when I was at home and the dining
room seemed awfully small, I
always thought it was a great
big dining room. Did you know
they had changed the parlor
and I like it now.

werent you shocked to hear
of Cousin Carrie's death, she
certainly will be missed all
around.

How is your work coming
and how about the social life?
I saw your mother when I was
a home and she said something
about a man. Who is he?

Must stop.

Now answer all of my questions

Always I love
Helen

I havent met Sam yet, he didnt
go to the Shop.
